LAKSHMI SRI DIVYA RAVIPROLU

Future-ready coder | Exploring Python, Java & Cybersecurity | RMD
Engineering student | Building skills through projects & passion |
Learning today, leading tomorrow

Greater Chennai Area

Summary

Driven third-year Computer Science and Engineering student at RMD Engineering College with a strong curiosity for technology and a passion for turning ideas into real-world solutions. Currently building a solid foundation in C++, Python, and Java, with a keen interest in software development, problem solving, and innovative application design. Motivated to continuously learn, experiment, and collaborate on impactful projects that leverage technology to solve real-world problems and drive meaningful innovation.

Experience

1M1B (1 Million for 1 Billion)
AI FOR SUSTAINABILITY
December 2025 - January 2026 (2 months)

AI for Sustainability Virtual Internship – 1M1B, supported by AICTE in collaboration with IBM SkillsBuild Gained hands-on experience in Responsible AI, Agentic AI, and Retrieval-Augmented Generation (RAG), applying AI concepts to address real-world sustainability challenges aligned with the UN Sustainable Development Goals (SDGs).
Strengthened skills in ethical AI development, problem-solving, and designing technology-driven solutions for environmental and social impact.

Infosys Springboard

Intern

August 2025 - October 2025 (3 months)

Completed the Infosys Springboard Internship 6.0, where I worked on an Azure Demand Forecasting & Capacity Optimization System. Covered key milestones including data preparation, feature engineering, model development, and deployment. Grateful for this learning path and excited to apply these cloud and ML skills in real-world solutions.

CodSoft

Intern

June 2025 - July 2025 (2 months)

India

Completed a Web Development Internship at CodSoft, where I worked on real-time front-end projects.

Built a personal portfolio, landing page, and a calculator using HTML, CSS, and JavaScript.

Gained hands-on experience in responsive design, DOM manipulation, and interactive UI development.

InternPe

Intern

June 2025 - June 2025 (1 month)

India

Thrilled to be part of the Java Programming Internship at InternPe.

I've gained hands-on experience in Core Java, OOP, Exception Handling, and Multithreading.

Worked on real-time projects to strengthen my backend development skills.

This internship has enhanced my problem-solving and coding proficiency.

Education

R.M.D ENGINEERING COLLEGE

Bachelor of Engineering - BE, Computer Science · (2024 - 2028)
